MEDICINAL. THE CAMEL'S HEAD.

"Where the camel's head goes his body follows," says an Oriental proverb. It is the same way with disease. A small opening will give it an entrance and when disease once has a place in the body a large number of filly may follow it.

The opening for disease is often found in a "weak" stomach. When the stomach is "weak" the body also becomes weakened by lack of nutrition, and disease attacks the heart, liver, lungs, kidneys and other organs. Dr. Pierce's Golden Medical Discovery makes the weak stomach strong. It cures diseases of the stomach and other organs of digestion and nutrition, and so enables the body to resist or throw off other diseases.

Men and women who are sick are invited to consult Dr. Pierce, by letter, free, and so obtain without charge the opinion of a specialist on their ailments. All correspondence strictly confidential. Address Dr. R. V. Pierce, Buffalo, N. Y.

"For the past two years I have been a very sick woman," writes Mrs. C. C. of 108 Woodland Ave., Cleveland, Ohio. "I tried medicines and doctors and to no avail. At last I decided to try Dr. Pierce's Golden Medical Discovery. When I started I was all run-down and had a cough and a sore throat. I was so weak I could not stand up. I had a very hard time to breathe. I had severe headaches and cutting pains in my knee joints. Was so weak I could not attend to my work nor walk up or down stairs without the assistance of my brother or some friend. I am now taking the fourth bottle, and am happy to say I feel like myself again. I can go up and down stairs and perform my duties as well as any one. Everything seems to be brighter, and I can assure you that life is worth living."

Accept no substitute for "Golden Medical Discovery." There is nothing just as good for dyspepsia or debility. Bilelessness is cured by the use of Dr. Pierce's Pleasant Pellets.

Trial size 10c. by mail. **ELY BROTHERS**, 61 Warren Street New York.

Letters from Women

Cured by the use of Kodol are received daily. Their troubles nearly all begin with indigestion or other stomach disorder. If the food you eat fails to give strength to your body, it is because the juices secreted by the stomach and digestive organs are inadequate to transform the nutrient properties of the food into blood. That is indigestion. The system is deprived of the amount of nourishment required to keep up the strength, and the result is that one or more of the delicate organs gradually grows weak, and then weaker, until finally it is diseased. Here a great mistake is made. That of treating the diseased organ. The best doctors in the land make this very mistake. Why should they? It is so easy to see that the trouble is not there.

Kodol Cures

This famous remedy puts the stomach and digestive organs in a healthy condition so that rich, red blood is sent coursing through the veins and arteries of every muscle, tissue and fiber throughout every organ of the entire body, and by Nature's law of health, full strength and vigor is soon restored to each. Kodol cures indigestion, dyspepsia and all stomach disorders. I have taken Kodol for nearly two months after each meal and it is the only remedy that gave relief from the terrible pains I endured. After a time I would take it but once a day, and now, while I keep a bottle handy I seldom need it, as it has cured me. Mrs. J. W. COOLBAUGH, Milo Center, N. Y.

Kodol Digests What You Eat. Bottles only, \$1.00. Size holding 2 1/2 times the trial size, which costs 50 cents.

PENNEL A DEFAULTER?

The Buffalo Commercial publishes a story in which it is alleged that Arthur R. Pennell, who was killed in an automobile accident on March 10, was a defaulter to the extent of \$150,000 to \$200,000. The story, the Commercial says, leaked out as the result of a legal dispute over two life insurance policies, and is to the effect that Pennell induced friends in the East who had known his family and the family of his wife to place money in his hands for investment. He acted, in fact, as their financial agent. He would inform them of some good investment which he had come across which would pay an excellent rate of interest, and they would send him money. The money which was sent to him for investment, it is alleged, he spent, and when interest payments fell due he made the payments out of his own pocket.

Wallace Thayer, who was Pennell's attorney and intimate friend, is referred to by the paper as saying he had suspected irregularities, but that he had no proof of any such wrongdoing.

Incidentally it has been learned that Pennell made provision for the payment to Mrs. Edwin L. Burdick of \$25,000 out of his life insurance. Pennell carried over \$200,000 life insurance, in order, the Commercial says, that after his death the eastern estates to which he is alleged to have been a defaulter might be able to recoup the losses which they had sustained through him. In his will Pennell named as administrator of his estate his brother, J. Frederick Pennell.

He left to his administrator sealed instructions that upon his death he should make good in full out of his estate all the losses which had been sustained through his defalcation.

The Commercial adds that Pennell had contemplated suicide for two years, and says the fact is known that "Pennell planned two years ago to throw himself in front of a train at Peekskill, and to make it appear that his death was an accident. He stopped off at Peekskill on the way back from New York, with the intention of committing suicide in that way, but his nerve failed him. Recently he told the story of the Peekskill incident himself. During the Pan-American Exposition he sought for days for an opportunity to commit suicide in a manner that would make it appear accidental. He had an idea that he could be run over in some way while at the Exposition, but he never could nerve himself up to the point where he could throw himself under a train or drop under the wheels of a trolley car."

STRIKE IN HOLLAND.

A general strike throughout Holland of all labor engaged in transportation both by land and water has begun. All the railroad lines, stations and wharves were guarded by troops yesterday. The administration of the railroads has taken steps to secure the running of the foreign expresses under military protection. The president of the workmen's committee of defense in an interview said the strike proclamation involved the entire railroad system and other land transport of Holland and the water transport of the important ports, Amsterdam, Rotterdam, Dordrecht and Zaandam. The strike, he added, was intended as a protest against the anti-strike laws as well as to support the demand of the railroad men for an increase of wages before the passage of the laws made an improvement in their position impossible. The staffs of the shipping companies trading with London and Hull have stopped work in sympathy with the strikers. Steamers in the regular service left as usual yesterday, but the work of loading other vessels is at a standstill.

One thousand troops from the southern garrisons have been assigned to duty at Rotterdam. The diamond cutters have decided to strike in sympathy. Should the government of The Hague decide to reject the strikers' demands, the men intend to extend the strike to the foreign railways and labor organizations with which their union is connected.

ONE OF THE TRIPLETS DEAD.—One of the triplets born to Mr. and Mrs. George Cunningham, of Gloucester, N. J., is dead. It was these three babies that caused President Roosevelt to write to their parents a letter of congratulation and to include three of his latest photographs—one for each of the infants. The babies were named Archibald, Kermit and Quentin, after the sons of President Roosevelt. Archibald, the biggest and most healthy looking one of the trio, was taken suddenly ill Saturday and died later. A photograph of the triplets was taken the day before Archibald's death, and a handsomely mounted copy of it will be sent to President Roosevelt.

Eczema, scald head, bites, itchiness of the skin of any sort, instantly relieved, permanently cured. Doan's Ointment. At any drug store.

Mrs. Laura S. Webb,

Vice-President of Women's Democratic Clubs of Northern Ohio.

THERE ARE MANY sickly women between the ages of 45 and 55, but there are very few invalids over 55 and 60 years of age. The change of life coming to a woman near her forty-fourth year, either makes her an invalid or gives her a new lease on life. Those who meet this change in ill health seldom live ten years afterward, while a woman who lays aside the active duties of womanhood in health seldom fails to live on in happiness, years after she has passed 60. This is truly a critical time.

Mrs. Laura S. Webb, of Toledo, Ohio, recognizes the change of life as a dangerous period and she also has faith in Wine of Cardui. She writes:

"As I had always been troubled more or less at the menstrual period, I decided

the change of life which was fast approaching. While visiting with a friend I noticed that she was taking your Wine of Cardui, and she was so enthusiastic about it that I decided to try a bottle. I experienced some relief the first month, so I kept on taking it for three months and now I menstruate with no pain and I shall take it off and on now until I have passed the climax. I do not dread it now, as I am sure that your Wine of Cardui will be of great benefit at this time."

Wine of Cardui is the remedy to re-inforce a woman against the shock that comes with the change of life. It re-establishes healthy functions after years of suffering. In doing this it has saved thousands of sufferers just in time. Do not wait until suffering is upon you. Thorough preparations should be made in advance. Begin the Wine of Cardui treatment today.

A million suffering women have found relief in Wine of Cardui.
